

Dear fellow Towers owners:

As a full-time resident of the beautiful Towers of Key Biscayne, who is raising a family here, I am eager to bring my business background and expertise to the Board of Directors. We have an opportunity to be one of the premier residences not only in Key Biscayne, but in South Florida. I would like to be a part of recapturing that status.

During my professional career, I have been responsible for the successful growth of many large companies and in my capacity as a consultant have also worked with a number of successful start-up ventures, including two driven by technology and artificial intelligence. These skills, which have included opportunities for cost-effective outsourcing and digital transformation, can be beneficial to ensuring that the Towers operates in the most cost-effective manner with the highest possible level of productivity and transparency.

I believe one of the best ways to run any organization -- or community such as ours -- is to be open-minded and to listen to all ideas in order to make sure that everyone feels they have a part in the decision-making process, especially when their money is being spent. I will always welcome your input and give it the respectful consideration it deserves BEFORE reaching a conclusion and voting on any matter. Since I am familiar with a Board dynamic by serving in the last 7 years as Board Member of the Brazilian-American Chamber of Commerce in FL and in NYC, this is the best approach with members -- in our case owners. I look forward to hearing from each of you about your concerns or interest in getting more involved in our community. I also believe that we must assure that our voting process -- for the board, through surveys and on all other matters relating to the common good of The Towers -- is above reproach and will encourage the board to actively pursue eVoting to assure the involvement of ALL owners, whether here full-time or part-time.

Since I am fluent in English, Spanish and Portuguese and have adapted to living in different cultures in four countries, I believe that gives me an added understanding of leadership in different situations, cross-cultural team-building and an understanding of the diversity in the Towers community. I hope to communicate with any of you individually to solicit your ideas and thoughts about the issues that matter most to owners. I invite owners to visit my websites: [www.msuhet.com](http://www.msuhet.com) and [www.businesstravelersdeals.com](http://www.businesstravelersdeals.com) for added information on my background and also check my LinkedIn profile. You can contact me directly at [manoel@msuhet.com](mailto:manoel@msuhet.com) or feel free to call me or text me at 786-202-8876. I will actively encourage fresh ideas and hope to once again restore trust, communication and transparency in our board.

Sincerely,  
Manoel Suhet
